Trial first on a small scale before changing the rate, application, or any other variables. As circumstances can differ and as the application of our products is beyond our control, ICL cannot be held responsible for any adverse results.

— How to use

- 1 Incorporate the fertilizer directly into the soil or growing media for best results.
- 2 You can also apply by hand or using a spreader for topdressing.
- 3 After application, trigger the fertilizer's release mechanism by watering-in.
- 4 Properly seal partly used or damaged bags.
- 5 Store under dry conditions.
- 6 If you need more information, please contact your technical support.
